

ETS-LINDGREN GLOBAL REPRESENTATIVES

COMMITTED TO ENHANCING PATIENT EXPERIENCES AND OUTCOMES

ETS·LINDGREN®
An ESCO Technologies Company

BLURRING THE LINES BETWEEN BREAKTHROUGH AND MIRACLES

Advancements in technology, science, and medicine have become so commonplace, it's easy for consumers and medical team members alike to take them for granted. But you know what's required to ensure the clarity, integrity, and detail of the images you capture – and what's at stake if you don't. For you, there's only one partner you can trust: ETS-Lindgren.

As the world leader in MRI shielding solutions with over 30 years of experience, 50,000 installations, and 25 patents, we design and install state-of-the-art MRI shielding facilities, retrofit existing facilities, and conduct site surveys to mitigate potential interference. Partnering with us strengthens your reputation as a medical expert in the marketplace and your contribution to the patient care team. From the products we make, to the services we offer, there's a promise we're able to make to you – we are committed to enhancing patient experiences and outcomes.
